Circular No.–SIS/2025-26/25

Dear Parents,

We are writing to reiterate the importance of a meeting that was previously scheduled for 9th July 2025, regarding the safety of your child. Unfortunately, some parents did not attend the meeting, despite receiving the circular on 7th July 2025.

As per the state orders, students below 18 years are prohibited from driving vehicles with an engine capacity exceeding 50cc, as per the Motor Vehicle Act. This is a critical safety concern, and we urge you to take immediate action to ensure your child's well-being.

To discuss this matter further, we request that you meet with the Principal on 11th July 2025. Please note that if your child continues to drive a vehicle to school without adhering to the state orders, they will not be allowed entry into the school premises in future.

We kindly request your prompt attention to this matter, and we look forward to discussing this with you on 11th July 2025 during School hours.

Warm Regards

Principal

Sun International School, Jhansi
