Circular No.–SIS/2024-25/10

Dear Parents

It has been observed by the school authorities that many students are coming by their own conveyance (Two-wheeler). Moreover they are not obeying Traffic rules and found without helmet and doing rash driving which is violation of traffic rules.

In future if any mishap happens the school authorities will not be responsible for the same.

Even RTO authorities have instructed the school to inform the parents that they should be careful before allowing their children to come by their self conveyance. The school always works for the betterment of the society & the people. So, you are requested to kindly be aware and careful while giving approval for the self-driving, to your child.

Kindly motivate your child to become responsible citizen by obeying road safety rules and regulations.

Warm Regards

Principal

Sun International School, Jhansi
